AAAA

Applesoft
  80-Column Window Utility for //e and //c.....Bill Reed... 5/85/11-15
  CALL Utility for Applesoft.....David Johnson... 6/85/24-27
  Correction to Line Number XREF.....Bill Morgan...10/84/18
  Correction to Fast Garbage Collector.....Bob S-C... 2/86/27
  Double Precision Arithmetic
        ...see Double Precision Arithmetic Package
  Fast Garbage Collection.....Paul Shetler... 3/84/2-12
  Fast Text Windows for Applesoft.....Michael Ching... 4/85/16-20
  Faster Amper-Routine to Zero Arrays.....Johan Zwiekhorst... 9/84/16-17
  Generalized GOTO and GOSUB.....Bob S-C...12/83/15-17
  Random Numbers
    Random Numbers for Applesoft.....Bob S-C... 5/84/2-13
    More Random Number Generators.....Bob S-C... 6/84/15-18
Arithmetic
  Division
    Dividing a BCD value by 4.....Bob S-C... 4/86/19-22
    Fast 16x16 Multiply & Divide in 65802.....John Butterill... 6/86/7-9
    More and Better Division by 7.....Bob S-C... 5/86/20-32
  Double Precision Arithmetic
        ...see Double Precision Arithmetic Package
  Multiplication
    Fast 16x16 Multiply & Divide in 65802.....John Butterill... 6/86/7-9
    Fast 6502 & 65802 Multiply Routines.....Bob S-C... 1/86/18-26
    Faster 65802 16x16 Multiply.....Bob S-C... 3/86/9-10
    Fastest 6502 Multiplication Yet.....Charles Putney... 3/86/19-23
  Square Roots
    Fast Integer Square Roots.....Bob S-C... 8/86/2-11
    Short Integer Square Root Subroutine.....Bob S-C... 6/85/13
    That Other Integer Square Root.....Bob S-C... 9/86/26
Assembler (see also S-C Macro Assembler)
  Note on Mainstay MACASM for the Macintosh.....11/85/19
